Price Changes

All teishos and talks are now only sold in CD format at the price of five dollars; audio cassettes are no longer for sale. (The Center is also posting – free of charge – Roshi’s recent teishos in digital mp3 format on the members’ section of our website www.rzc.org.) Also, due to the recent increase in packaging and postage costs, the shipping costs have been changed yet again; please refer to the amounts below. For books that the Center sells, please check the website for updated pricing and availability.

New Chanting CD!

Recorded digitally in the zendo, this 35-minute CD is vastly superior in sound quality than any previous CD or tape recordings. In addition, each chant is now recorded as a track, so you can skip to any particular chant. Includes *Master Hakuin’s Chant in Praise of Zazen*; the recent changes in *Affirming Faith in Mind*; and the pronunciation changes to the names of the Indian Masters in *The Ancestral Line*.
